2008-2009 Status of Arts Education in Utah

Dear Principals,

Thank you for taking time from your busy schedules to help us understand the status of arts education in Utah. In an effort to increase the number of respondents, we (the Utah Arts Council and Utah State Office of Education Division of Fine Arts) have formed some strategic alliances throughout the state with additional groups, organizations and universities that also work diligently to forward arts education in Utah's public schools. In order to create a united voice for arts education, we need more data about arts education to share with policy/decision makers. Collectively, we now require principals from schools that receive financial and program support for arts education to complete this survey. Thank you.

The purpose of this survey is to:

- describe the number and range of arts (art, dance, music, theatre) course offerings across the state
- define arts student enrollment patterns across the state
- capture simple and brief information about students' achievement in the arts
- quantify students' instructional time in the arts
- summarize teacher competence in the arts and professional development opportunities
- explore arts resource and space issues
- learn what supports and hinders arts education
- provide meaningful information to the arts community and policy makers.

To complete this survey, you may need the support of others, including arts teachers. The survey will not take long to complete if you gather the necessary information before completing the survey.

Print and complete a paper version of this questionnaire **only if necessary**. The paper version, if necessary, should be returned to Jean Tokuda Irwin at the Utah Arts Council (address on following page). Please complete and return the survey by January 31, 2009. To complete it electronically, you will need Acrobat Reader version 4.0 or greater. Acrobat Reader can be downloaded free from the Internet at Adobe.com. If you are using a Macintosh computer, you will need the latest version of Acrobat Reader for Mac computers.

After you complete the survey, save it to your computer using the "Save as" command in the file menu of the Acrobat Reader program. Put your school name in the file name when you save it. Then attach the saved PDF file to an e-mail message and e-mail the attachment to bothellt@q.com.

Later in the year, the results of this survey will be returned to you with the results for the entire state and for your district and school. If you have any questions or comments, please contact Jean Irwin at 801-320-9794 or by e-mail at (jirwin@utah.gov).

Thank you again for your time.

Sincerely,

Carol
